

COMPANY PROFILE

Ladies and Gentlemen,

WCL is a highly specialized company which can satisfy the highest requirements with regard to international ocean transport. We can offer you the best prices and services available as well as organising and supervising all stages of your shipment to and from numerous destinations worldwide – these are our strengths!

Whether you are provider of an International Logistics Service, an industrial enterprise, part of a middle- sized company or a small exporter – WCL is always an extremely reliable partner.

Our specialist knowledge, competence and enthusiasm means that in future your shipments can also be carried out smoothly and more efficiently. We are willing to tackle any problems which may arise and customer satisfaction is an important part of our service – you are our first priority. Our team are trained as the ultimate service providers. You are always our first priority! Our specialist knowledge, flexibility and enormous enthusiasm guarantees an individual service tailor-made to meet your requirements. We have a support network worldwide of first-class shipping companies as well as experienced WCL agents in all ports and industrial centres. We have the best connections for all your shipments worldwide - whether it be FCL/ full container loads, LCL/consolidated cargo, conventional loads or Breakbulk. Let us show you the best possible alternatives!

Our core business is sea transportation. During the development of WCL, our customers came up with a number of new challenges. We met these challenges: new business areas have been and are still being developed. Today, WCL can offer transport solutions which, when combined with the “classic” WCL core business, makes us a cut above our competitors, for example air freight transport, international forwarding, transport consultation and transport insurance.

We have a worldwide network of solid agents, who can immediately react to organise and realise your projects. Our first priority is customer satisfaction! Give us a try!
